Dear Fellow Members,

As many of you are keenly aware, 2023 has provided uniquely challenging economic times for our country and the world, as well as one of substantial change for USALLIANCE. With economic uncertainty driving unprecedented inflation, increased prices, and interest rates, organizations and individuals are under a great deal of stress. Financial institutions are under pressure to manage risks differently to ensure organizational soundness. I am happy to report that during 2023, USALLIANCE performed well, resulting in broader member relations and robust balance sheet growth while maintaining strong capital and liquidity positions. This demonstrates our resilience even in stressful scenarios.

Let me begin by thanking the entire USALLIANCE organization for putting in extraordinary efforts, allowing us to achieve our many objectives, and supporting our members during this past year. I am also grateful for the guidance of our board of directors. Their insights allowed us to steer through these economic conditions, punctuated by the failure of several U.S. financial institutions, while continuing to focus on the strategic imperatives of USALLIANCE.

Early in the year, we announced a CEO transition at USALLIANCE Financial. After a comprehensive search, we were delighted to introduce our new CEO and President, Harry Zhu. Harry has significant experience in the credit union industry. His outstanding track record will serve to advance our strategic objectives and long-term growth goals. Harry has wasted no time in affecting positive change at USALLIANCE, and the enthusiasm he's been met with by the team has us all looking optimistically to the future of the credit union under his leadership. We also want to take this time to thank the executive team for their excellent leadership during this transitional time.

Throughout all the trials of the past year, USALLIANCE remained committed to our members and the strategic initiatives that we achieved. These included the launch of our new digital platform, providing a best-in-class technology solution for our members that is in alignment with our broader digital strategy, as well as the strategic merger with Marriott Employees' Federal Credit Union, thereby deepening our membership base and expanding our market presence.

With a brighter macroeconomic outlook after a few difficult years and an organization re-energized by the early impact of our new President and CEO, 2024 is poised to be an impactful year for USALLIANCE and our members.

Thank you,

Carla M. Palma

Canter M. Palmer

**Board Chair** 

Dear Fellow Members,

I am truly honored to have joined USALLIANCE as the President and CEO starting in October 2023. My first few months have been inspiring, affirming that USALLIANCE is a dynamic, forward-looking organization poised for a bright future. I am grateful for the warm welcome from the board of directors and the executive team, whose dedication has driven growth and innovation, especially during this transition period.

2023 was a year of economic challenges and uncertainties for the financial sector. For USALLIANCE, 2023 was a milestone year marked by significant growth and positive changes. Among all the significant achievements of 2023, the following three deserve notable highlights:

# First, Digital Banking:

Our commitment to serving our members is one of our major strategic pillars. In the second year of a two-year member experience initiative, which started in 2021, we completed a significant overhaul of our digital banking platform in 2023. The results have been incredibly gratifying, with rapid adoption and positive feedback from our members. This success wouldn't have been possible without the hard work of our team and the invaluable feedback from our members.

## Second, Marriott Employees' Federal Credit Union (MEFCU) Merger:

In 2023, we completed the largest merger in our history with MEFCU. First announced in late 2022, we worked diligently throughout the year to welcome our new Marriott members. We're proud to offer these former MEFCU members great benefits, such as direct deposit early pay, lower account fees, and a wider range of products. We're thrilled with the smooth start and look forward to a long and fruitful relationship with these new members.

## Third, \$3 Billion Milestone:

Another highlight of 2023 was the credit union surpassing \$3 billion in assets. This milestone couldn't have been achieved without a committed team of employees and a diverse community of members. Our team is passionate and driven, consistently focused on doing what's right for our members. Some of our members have been with us since we began serving a group of IBM employees in 1966. It's inspiring to see how far we've come.

Looking ahead to 2024 and beyond, it's important to remember the drivers of our success: innovation, hard work, and, above all, dedication to our members. As an organization owned by and for our members, it's crucial that we keep our members at the center of everything we do. The future is bright and I am confident that with our excellent team, we will reach new heights for our members.

Thank you,

Harry Zhu

President & CEO

# Get to Know the New CEO O Carla Palma, Chairperson of the Board

Harry Zhu officially joined USALLIANCE on October 2, 2023 as our new President and Chief Executive Officer after an exhaustive search. Harry comes to USALLIANCE with a wealth of experience, earned over a 27-year professional history in both for-profit and not-for-profit organizations. Most recently, Harry served as the Chief Retail Lending Officer at the \$19B Alliant Credit Union in Chicago and actively serves on multiple boards and councils. Harry completed his Master of Business Administration (MBA), and both his Master of Science and Bachelor of Science in Electrical Engineering, at the University of Michigan. As a lifelong learner, he has multiple professional certifications and has continued his education through various executive education programs.

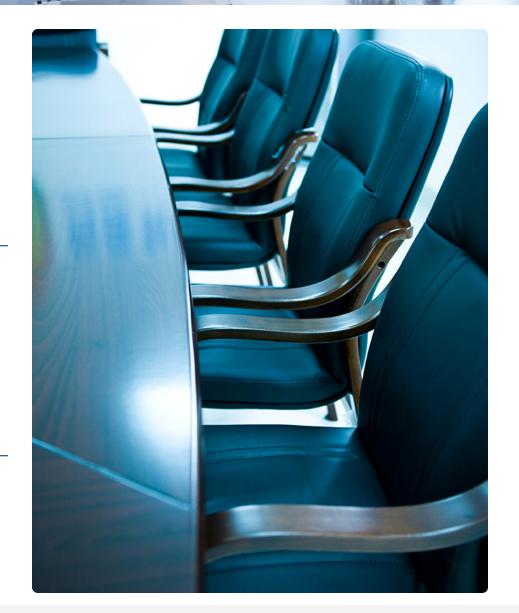

"We are delighted to welcome Harry to USALLIANCE.

He is an accomplished leader with experience in driving sustainable growth and a passion for collaboration.

Harry is adept at using strategic insights, understands the industry, and has the skills needed to lead USALLIANCE into a bright future as we continue our commitment to responsible growth, innovation and, most of all, member service."

Carla M. Palma Board Chair

Member experience is always top of mind at USALLIANCE – it's the driving force behind everything we do. 2023 marked the second year of the two-year member experience goal set by our board of directors in 2021, which included the launch of one of the biggest projects of these two years: an upgraded digital banking platform. This major undertaking was designed to significantly enhance our member experience. We conducted extensive research on different platforms, potential partners, industry-leading standards, best in class examples, and, most importantly, feedback from our members. The result of all this work was the launch of our new digital banking platform in July 2023. Our digital banking now rivals the largest institutions in the industry in terms of modern capabilities, fast speeds, and advanced features. Some highlights of our new platform include:

#### **Personalized Dashboard**

Organize your financial accounts on your customizable dashboard to best suit your needs. Put your most important accounts front and center and access the information you need at a glance.

## **Spending Analysis**

Automatically analyze your spending habits, see where your money goes each month, and adjust your budget accordingly.

#### **Fast. Smooth Performance**

Enjoy an intuitive user experience with fast load times, making your every financial move quicker and easier than ever before.

#### **Transfer Funds with Ease**

Move money between your USALLIANCE accounts and your connected external accounts easily with an enhanced payment processing system and take advantage of new wire and ACH transfer options.

## **Upgraded Card Control**

Our card controls allow you to lock and unlock your card with a single click, report a lost or stolen card, and set specific spending alerts.

#### **Advanced Alerts**

Setting up and viewing customized alerts—whether through emails, push notifications, or SMS text—is made easy for account activity, upcoming payments, overdrafts, login security, and more.

The positive feedback that we have received from our members has been overwhelming, making all the hard work and effort worthwhile. This upgrade was implemented with our members and their needs in mind, so seeing the impact it has made and hearing from so many of our members is incredibly rewarding for all of us here at USALLIANCE. See what our members have to say:

In 2023, USALLIANCE crossed the \$3 billion in assets threshold. This is a significant marker for many reasons; chiefly, it signifies the strength and stability of the credit union and sets us up for continued growth. As is the case with any accomplishment of this scale, there are many people that we need to thank:

## **Our Leadership**

Success in any organization starts at the top, and the leadership of USALLIANCE has successfully steered the organization through more than five decades of serving our members' needs. In recent years, the credit union's leadership has navigated through turbulent economic times, emerging stronger on the other side. From our board of directors to our executive team, we extend our heartfelt thanks to the USALLIANCE leadership.

# **Our Employees**

You can't grow from a small institution serving tri-state area IBM employees to a \$3 billion, nationwide institution without an exceptional team working diligently behind the scenes. We can't say enough good about our USALLIANCE team – they come to work every day with a positive attitude and an unrivaled determination to serve our members to the best of their ability. They are truly the engine that drives USALLIANCE, and we cannot thank them enough for helping us reach this milestone.

## **Our Members**

Last, but certainly not least, we can't mention this achievement without giving the biggest thank you to our members. Some of our members have been on this journey with us from the very beginning, and some have joined USALLIANCE this week. No matter how long you have been with us, you have been an irreplaceable part of the USALLIANCE story, and we couldn't have celebrated this landmark without your help. Thank you for being part of the USALLIANCE community, and we look forward to celebrating many more significant milestones with you!

At USALLIANCE, our members are our primary concern and one of the ways we support them is by providing access to financial education materials. Financial education is crucial to making the most of your money, and we all know how important that is! We offer financial education tips, resources, and articles through various channels, including our website, emails, and social media channels to reach as many of our members as we possibly can.

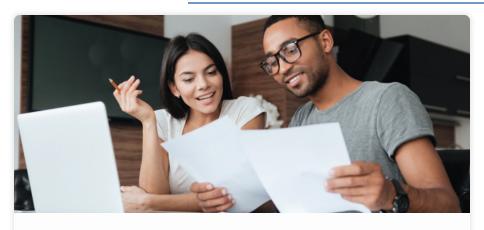

Members can find financial education content in the Financial Education Center on our website, our blog, the USALLIANCE monthly newsletter, and our social media channels. Members are encouraged to subscribe to the blog and newsletter, and to follow us on social media to keep up to date with all the financial education tips, resources, and content that USALLIANCE shares.

The Supervisory Committee is an independent body, appointed by the Board of Directors, which has the responsibility to ensure that the financial statements accurately and fairly present the financial condition of the Credit Union and that management practices and procedures safeguard the member's assets.

To accomplish our goals, the Committee engages both internal auditors and an independent public accounting firm to audit the consolidated financial statements. Internal audit findings, recommendations, and management responses are reviewed by the Supervisory Committee and presented to the Board of Directors. To ensure the consolidated financial statements fairly represent the Credit Union's financial position, the Supervisory Committee retained the services of the certified public accounting firm of Doeren Mayhew, to perform an audit in accordance with Generally Accepted Accounting Principles and to express an opinion on the fairness of the consolidated financial statements. Their audit report, which contained an unqualified opinion, dated February 26, 2024, confirmed the Credit Union's consolidated financial statements for 2023 were materially correct and presented in conformity with Generally Accepted Accounting Principles.

For a complete copy of the independent audit report performed by Doeren Mayhew, please call the Credit Union at (800) 431-2754 or email your request to memberservices@usalliance.org.
